Sir,

On an application received
from the Executive Engineer of the Jamkhir
Division for payment of the District
Funds and Municipal share of the
Cost of the Construction of a dispensary
for females and children at Jamkhir,
I have the honor to request that
you will be so good as to authorize
the Comptroller to place the sum of

As requested in the above the Comptroller is authorised to place the Sum of 2000 Rs at the disposal of the D. P. W.

2. With reference to para 3 of his letter the Dy Comr is informed that the Govt see no objection to the construction of dispensaries is as important a work of public utility as any falling within the duties of a Local or municipal Board, & that the cost of such buildings is a proper charge against Imperial, Provincial & Local funds in equal proportions.

to Rupees 2128/-. Out of this, a sum of Rupees 1000 has already been paid to the D. P.W. under the sanction conveyed in Proceedings no: 13069-71 dated 4th June 1896 leaving a balance of Rs. 1128/-. The Members of the Municipal Board were anxious to provide for this payment in the Budget Estimates for 1897-98 which were discussed at the meeting held on the 29 January 1897, but they could not see their way to do so. The expenditure in the Coming Year on the most needed items of drains and roads in the town has had to be reduced to a minimum owing to the crippled state of the finances. The Municipal Board have accordingly unanimously resolved to respectfully solicit a reconsideration of the orders contained in the Proceedings of the 4th June 1896 and they beg that the further payment now demanded from the Municipality may be excused. If this is not possible, I would recommend that the amount be treated as a loan to the Municipality repayable to Government in 3 equal annual instalments without interest
